**Thank you for your interest** in volunteering for the 6<sup>th</sup> Annual Tony Kornheiser & Michael Wilbon Celebrity Golf Classic. The golf tournament benefits the DC College Access Program (DC-CAP), a privately funded non-profit organization working in partnership with DC public high schools to provide counseling and financial assistance to students who might never have the opportunity to attend college. Today, DC-CAP is working with 12,000 public high school students and approximately 5,500 students in college helping them to realize their college and life goals. Your volunteering to help at this tournament is important and contributes to making college more accessible to DC public school high school students.
